## **ATHLETIC GATE RECEIPTS**

Athletic gate receipts will be maintained in a separate account dedicated to capital projects relating specifically to the athletic facility. Athletic capital projects will be processed in a way comparable to all District capital projects. The Board reserves the right to access these dollars for other purposes, should financial circumstances warrant. The Athletic Director will determine the events at which gate receipts will be collected and will provide the staff to collect fees. The Athletic Director will report annually to the Board of Directors regarding capital projects and gate fees.
