

**SCHOOL BUS SAFETY PROGRAM**

The right of pupils to ride on the school bus is conditional on their behavior and observance of the rules pertaining to proper conduct on the bus. Drivers shall enforce these rules. Failure to comply with the rules may result in a student being suspended from the bus. Parents will be notified by the Transportation Supervisor or the school principal of their child's misconduct and asked to help correct their child's behavior while he or she is on the bus.

At least twice during the school year each pupil who is transported in a school vehicle shall be instructed in appropriate behavior and participate in an emergency evacuation drill as part of the District Safety Education Program. While conducting an emergency evacuation drill, the bus driver will assist the pupils at the emergency exit.
